

Mid-Term Feedback

Instructions: Please complete the questions below anonymously. The purpose of these feedback questions is to help me understand how the course is going from your perspective, so that I can make adjustments, if necessary.

1. So far, what are the three most important ideas, sets of facts, concepts, skills, theories you've learned in this course? (Be brief)
2. What classroom activities (lecture, discussion etc.) have been effective ways for you to learn?
3. What classroom activities have been confusing, or not especially helpful?
4. What classroom activities NOT USED thus far would help your learning in this course?
5. What about "outside of class" activities? (Reserve readings, office hours, phone and e-mail communication etc.) How are they working for you? (**Use the other side, if necessary**)
